BASIC DESIGNS

When developing our solutions and ranges for bathrooms and kitchens, we have always been driven by the desire to add appreciable value for you: We want to make your work easier and help you keep your customers satisfied. That was also our aim for the new kitchen range.

The three function levels Pull-Down, Sensor and Magnetic Docking let you meet all of your customers needs from a singlesource.

Combined with M-, L-U- or the C-LINE, you cover all popular design styles, leaving nothing to be desired. That effectively saves you time, both for initial sales and aftermarket business, while also giving you the benefit of excellent brand quality.

KITCHEN COMPETENCE

COMPANY PROFILE

Kaiping Lvtian Sanitary Ware Technology Co., Ltd. is a professional kitchen and bathroom Faucet manufacturer located in Kaiping City, Guangdong, China. Our engineers are passionate about performance. Since entering the global market, we have continued to set up new standards for reliable performance, exquisite design and customer service. As a professional OEM/ODM supplier, we have modern machines and scientific management system guarantee high quality and on time delivery. From raw material selection, mold design and development, gravity casting, high precision machining, fine polished, good quality plating, each process with highly strict control; relying on these strict procedures, all products are supervised and tested at each stage, that's providing strong support for the longer term development.

With our well experience R&D team, Lvtian launches new products every half quarter according to the current market trend and demand to help our customers take advantage in their markets.

Our total annual output of kitchen faucet and bathroom faucet reach 500,000pcs. Our products are mainly exported to European and North American markets.

Lvtian's concept is to provide superior ratio of price and quality products for our partners and customers to strengthen their competence in their local markets.

Lvtian will be one of your best strategic business partners in sanitary ware industry in China, we are looking forward to establishing long-term business relationships with you.

We work hard to provide you Top Quality products and the Best Design.

Creativity for kitchen Solutions.

Technologies

Durable Nylon Braid

Quick connector

360° Rotation

Easy to clean

Rapid descaling function can ensure better cleaning effect, And significantly reduce the difficulty of cleaning: the silicone nozzle is very flexible. When cleaning, squeeze and rub with your fingers to remove scale

Spray Mode

Stream Mode

Extended flexibility

The pull-out tap extends your working radius and therefore your work space at the sink, which is useful for tasks such as watering plants or filling a coffee pot.

Frictionless Pull-Out Technology

Frictionless Pull-Down Technology

Technologies

TOUCHLESS TECHNOLOGY

The motion infrared sensor enables extraordinary hands-free and touchless convenience.

Motion sensor controller

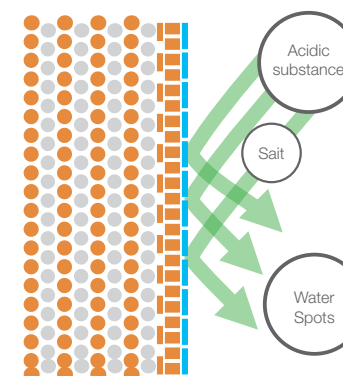

The induction distance is up to 15cm

High-density plating layer

High quality of plating which exceeds the standard of ASM A112.18.1-2012/ CSAB125.1-12

High-Density Plating Layer

Thickness of nickel layer is >10.0um

A modern kitchen with a central island and a view of a pool and trees. The kitchen features dark grey upper cabinets and white lower cabinets. The island is white with a black countertop and has two black bar stools. A large window on the left shows a view of a pool and trees. The text "KITCHEN FAUCETS PORTFOLIO" is overlaid on the left side of the image.

Single-Handle Pull-Out
Kitchen Faucet

Lvtian | LIVING

Not only enables you to fulfil your aesthetic ambitions; it says something about your good sense too. After all, it enhances your kitchen with an extra touch of sensuality and intelligent functionality.

CLEAN-CUT AND CROSSWISE

Lvtian will keep your kitchen standards on the straight and narrow, even if the body of the lever mixer runs off in a crosswise direction. With this high-quality kitchen faucet, you are sending out a clear message that you feel right at home with top quality

This pull-out aerator has both brains and style. It can extend up to 60 cm if you pull it out, but otherwise retires politely and seamlessly back into the spout

Pull-Out Faucets

Offering a variety of sprays, pullout faucets generally have a larger section of the faucet that pulls away compared to the sprayhead on a pull-down faucet. If you prefer a larger area to grip, a pullout faucet may be right for you. Pullout faucets also offer a lower profile for use under cabinets or windows.

OVALIN

Lvtian is probably with most experienced kitchen fitting by Lvtian. The high-quality chrome-plated body is available as a top-controlled single-lever mixer or as a wall fitting with a 120° swivel spout. Thanks to the practical hand spray, the Lvtian handles even the toughest jobs in the kitchen with ease.

The flexible hand spray extends the working radius of the Lvtian fitting, making it easier to clean and fill vessels.

Sprays that Specialize

The pull-out function makes it easy to work in the kitchen sink thanks to the downward extending element.
